

Introducing Bfast: Australia's only accounting software tailored for sole traders

With Bfast, you can create and send invoices in a snap, record your expenses, get instantly-calculated figures for your activities statements, and send annual tax-return reports to your accountant — all with a simple, point-and-click interface.

Best of all, it's just for sole traders, so there's no confusing business jargon.

Just visit bfast.com.au, start your free trial, and you'll be up and running in no time.

Bfast gives you:

Easy Invoicing

- Send professional-looking, easy-to-read invoices in just a few clicks — anytime, from any computer, iPad, etc.
- See who owes you money at a glance.
- Customise invoices with your own logo, message, and detailed payment information.

Easy Reporting

- Track expense as you incur them with Bfast's ridiculously easy expense tracker.
- Bfast remembers your previous expenses so you don't have to completely re-key repeat expenses.
- Generate a yearly report for your tax return with a single click.
- Bfast adds up all your invoices, expense deductions and PAYG instalments, and tells you exactly what to write on your BAS. No more spreadsheets!

Easy Living

- Experience the coolest, most user-friendly interface ever. No need to read the manual - it's point and shoot all the way.
- Record regular expenses (like bills and rent) with a single click.
- Record partial business expenses with a % business use. No more manually calculating how much to claim.

Working for yourself shouldn't be all hard work.

Perfect for Freelancers

Bfast is limited to just the functions needed by freelancers: invoices, BAS calculation, and yearly tax return reporting. That's it!

Perfect for Australians

Bfast is just for Australians. It has a direct link to the Australian Business Registry, and complies with all ATO requirements for GST and PAYG.

Perfect for Your Budget

The lowest monthly fees of any Australian accounting software, and you only pay for the months you use. Also, your first 45 days are FREE.
