

Working for yourself shouldn't be all hard work.

As self-employees, we've chosen freedom over bureaucracy. Challenge over tedium. Building our own ladder instead of climbing someone else's.

But we still have paperwork. That's why we created Bfast; it takes the pain out of business finance, so you're free to focus on what really matters.

Visit bfast.com.au for a free 45-day trial, and see why Bfast is Australia's leading book-keeping solution for freelancers and sole traders.

Bfast is the web-based software that makes having an ABN as easy as:

1

Send invoices

Create simple, GST-compliant invoices with our easy-to-use editor, and email them with a single click.

2

Submit your BAS

Use the figures Bfast calculates from your invoices and expenses to complete your Business Activities Statements in seconds.

3

Get your tax return

Send a summary of your yearly income and expense to your accountant for a no-fuss tax return.
